

A person wearing a white cap and a blue tank top stands on a large, rugged rock formation. Their arms are raised in a 'V' shape against a clear blue sky. In the background, the ocean stretches to the horizon on the left, and a mountain peak is visible on the right. The foreground shows the textured surface of the rock and some green foliage on the right side.

**Imagine learning about how
local design rocketed
South African designers
onto international catwalks.**

The programme covers all of the essential 'must-know' skills from netiquette and networking to agility and attitude give your child a competitive advantage in an increasingly competitive world.

**The programme will cover what
your child needs to know,
and master, to successfully
navigate the 21st century.**

More importantly, your child will also learn about himself/herself.

**Moving from
grade school to high school
or from high school to
university is exciting.**

**It can also be a bit scary
to move from one phase
of life to the next phase.**

**The programme can help
smooth the way for your child to
confidently make the transition
from one phase of life to the next.**

**The programme
provides a safe,
yet stimulating environment,
for your child to explore
himself or herself.**

**What does he or she
want from life?**

**What does he or she
really want from life?**

What are his/her goals?

Dreams?

Fears?

**Your child will develop
a Personal Action Plan
in partnership with
an expert mentor.**

**The Personal Action Plan
is a key starting point
that will put your child
on the path to success.**

In summary...

**The Youth Leadership
Programmes teaches
global lessons in the beautiful
and inspiring country
that is South Africa.**

**The programme creates
memorable and impactful
learning experiences by
combining formal lessons
with experiences that truly
bring the lessons to life.**

**The 21-day programme
can change the course
of your child's life.**

If you would like to give your child the advantage of being equipped to successfully navigate the 21st century and being future-proof, this could be the programme you are looking for.
